What is CARES Act Funding?

We are excited to announce that Saint Louis MHB is collaborating with the City of St. Louis for a one-time grant opportunity to help get CARES Act federal funding into the community for early childhood care.
Funding Purpose

• In response to the COVID-19 public health emergency, this CARES Act federal funding is being made available to help stabilize early child care providers delivering high-quality care and to ensure these critical services remain available and accessible to children living in the City of St. Louis. This will be accomplished by supporting 1) the implementation of new health and safety measures, 2) protecting early child care staff and/or 3) offering affordable child care to frontline workers for children up to age 5.

Priority Focus

• Small family home and child care center providers who are located within the community they serve and/or primarily provide services to families living in under resourced communities most affected by COVID-19 and in need of high-quality early childhood care.
How Do I Apply?

- **Online:** Complete the jotform application via phone, tablet or computer

- **In Person:** Print the application and coordinate a time to drop it off at the MHB office located near Union Station by emailing stlmhb@stlmb.com or calling Kristin Cowart at (314) 535-6964 x21.
